

## THINGS TO REMEMBER

FOR YOUR UPCOMING  
OR NEW WORDPRESS WEBSITE

# WORDPRESS WEBSITE KEY POINTS

WHAT TO KEEP IN MIND

## **NOW THAT YOU HAVE A WORDPRESS SITE**

**REMEMBER TO KEEP YOUR SITE UPDATED,  
YOUR PLUGINS UP TO DATE ALONG WITH  
YOUR THEME AND WORDPRESS CORE, DO  
NOT USE EASY PASSWORDS, DO NOT  
INSTALL THINGS FROM UNKNOWN SOURCES**

**YOUR WEBSITE AND CODES ARE YOUR  
PROPERTY ALONG WITH THE CODES FOR  
YOUR HOSTING AND DOMAIN NAME.**

# REMEMBER...

## PASSWORDS

To access your website's back end, you have a username and a password, do not give your passwords to third-parties

## HOSTING & DOMAIN

You will need to have your hosting and domain management panels' urls and credentials handy as your dev will need them

## OWNERSHIP

Your website, codes, website files and database are yours and you should have all the codes and the ability to take your site and move on at any time

## MAINTENANCE

Keep your wordpress website updated and all your plugins and theme, make sure you have a license for the theme and premium plugins and maintain your site for security and stability
